

It is state law that all children in kindergarten, second and sixth grade of any public, private or parochial school have documentation on file of a recent dental exam by May 15, 2011. If your child has not had a recent dental exam please schedule an appointment and have the dentist complete an IDPH Dental Exam form. Dental forms can be downloaded from the District 10 website. Thank you for your assistance in this matter. If you have any questions, please call Benson at 630-773-0554 or Peacock at 630-773-0335 and ask to speak to one of the nurses.
