Benson's K-2 Reading Program

Reading At Home

It is important that your child spend time reading each day at home and understand that reading occurs in many daily routines. The following are some suggestions for helping your child develop strong reading habits.

- While baking holiday cookies, read recipe cards together.
- Have your child open holiday cards and read the greetings.
- Encourage your child to compose a holiday letter to friends and relatives.
- Read and write "thank-you" cards together.
- Read directions to new toys and games.
- Sing traditional holiday songs and make up new verses.

Read, Read, Read over winter break!

Just a Note

We will not be sending home books over the winter break. Have a great holiday and New Year!
